

Hyperion 3D-M

Part No. 350842

DATASHEET

Master Sensor

For further details see manual/brochure

Sensor head for single direction

Mechanical data

Dimensions unit only	260 x 110 x 55mm
with weather shield	295 x 170 x 115mm
Material (housing) color	Aluminum, PC ABS GF20 black
Cable	12m, 12x 0.25mm ²
Weight	830g

Electrical data

Supply voltage	24VDC +-15%
Power consumption	5W
Technology	Stereoscopy, Bluetooth
Radiated power (radio)	<1dbm
Range (radio)	approx. 7,5m
Outputs	3 (open, stop, close)
Input	1 digital, < 48 V / 5 mA threshold = 15 V

Features

Display	Highly visible multicolor LED
Interface	Android App Smart Connect

Ambient conditions

Protection category	IP65
Operating temperature	-20°C to +65°C
Rel. air humidity	< 95%, non-condensing

Box contents

Sensor, mounting bracket, QR code for Installer and End User, DoC, instruction manual (DE, EN, FR, IT, SV, DA, NO, PL)
